

A 3x2 grid of six apples, each showing a different color variation (red, yellow, green, and combinations) to illustrate the effect of color channels. The apples are arranged in two columns and three rows. The top-left apple is predominantly red with some yellow. The top-right apple is predominantly yellow with some red. The middle-left apple is predominantly green with some yellow. The middle-right apple is predominantly red with some yellow. The bottom-left apple is predominantly yellow with some green. The bottom-right apple is predominantly red with some yellow. The background is white.
